# SIMPIC 12TH

# 2023

As the Siriraj International Microbiology Parasitology and Immunology Competition 12th (SIMPIC) draws to a close, we would like to extend our heartfelt thanks to all the delegates for their participation and contribution to the success of the event.

We hope that the competition has been an enriching experience for all, providing a platform for learning, networking, and international collaboration.

We would also like to express our gratitude to the organizers, volunteers, and sponsors for their tireless efforts and support in making SIMPIC a reality. We look forward to seeing you again in future editions of the competition and wish you all the best in your future endeavors. Thank you for being a part of SIMPIC 2023.

# Closing Ceremony

The closing ceremony is the grand finale of SIMPIC, a time to honor the achievements of the delegates, recognize the efforts of the organizers, and celebrate the spirit of international collaboration. It's an exciting moment where delegates gather to hear the final results, receive awards, and certificates of recognition. The ceremony is a time of pride and accomplishment, a fitting end to a thrilling and enriching competition.

# Farewell Party

The farewell party in SIMPIC is an exciting and highly anticipated event. Delegates come dressed in their best attire, eager to celebrate their hard work and dedication throughout the competition. It's a time for saying goodbyes, exchanging contact information, and making new connections with fellow delegates from around the world. The party is a fitting end to the competition, allowing delegates to unwind and celebrate their accomplishments with their peers.

# AWARDS

After an exciting and challenging journey of multiple rounds, the Siriraj International Microbiology Parasitology and Immunology Competition (SIMPIC) has finally come to an end, and the winners have been announced

"Winning an award is a great achievement, but the true victory is in the knowledge and experience gained by all SIMPIC participants."

The awards are the culmination of the efforts and hard work of the participants who have put in countless hours of research, analysis, and presentation to reach this point. The winners are not only celebrated for their individual achievements but also for the positive impact they have made on the field of microbiology, parasitology, and immunology.

We hope that the competition has been an enriching experience for all of you, providing a platform for learning, networking, and international collaboration. We look forward to seeing you again in the 13th edition of SIMPIC, where we hope to continue our shared mission of promoting excellence in scientific research and innovation. Thank you for being a part of SIMPIC 2023!

**The winner**  
KKU O3 Khon Kaen University

**First runner up**  
UNAIR O2 Universitas Airlangga

**Second runner up**  
UB O1 Universitas Brawijaya
